## Open Lunch Endangered; Co-operation Is Needed

Unlike many schools, Rocky River High School has never adopted a "closed lunch" policy which forces all students to remain at school.

Last fall, private citizens complained about the driving of students who ate out for lunch. Students were notified of the criti cisms, and since then, only one new complaint has been made. Co-operation of RRHS drivers is commendable.

A new situation has developed concering other students who do not eat lunch at school. Students walking to and carrying lunches to neighboring areas have littered sidewalks with unslightly refuse and have congregated both on private property and around business establishments.

Such "loners, " disrespectful of others' property, are blemishing the high school. For what? A bottle of pop? Good reputation is difficult to attain and even more difficult to keep: the bad mannerisms of few can destroy the good actions of many.

The high school offers excellent facilities for its lunch students: a pleasant cafeteria and the west-end gymnaisum. But even if a student feels he must eat lunch out, he should at least act with some sense of maturity.

Eating out at lunch is a right which responsible people deserve, not which all students should automatically receive. Students who misuse this right, who demonstrate irresponsibility, do not deserve this right.

Although driving has been controlled, littering and loitering have not. . . and may bring about the day when RRHS also has the closed lunch, " when students are no longer permitted to leave if they so wish.

Are YOU going to let this happen?
The driving problem was corrected through co-operation. So can this.

## Succès...Suceso...Success Just What Is Success?

Success? Success is a word bearing a different meaning in the mind of every human being. The French call it succes; the Spanish, suceso; yet, success is not a word... but ideas and accomplishments

To some, success is the accumulation of a great sum of money; to others, comfort and security. In a child's mind success is often connected with such enviable persons as movie stars and professional athletes.

Alexander the Great, searching for success, conquered the world. Albert Schweitzer, by conquering disease and making this earth a better place to live, has found success

Emily Dickinson said of success: "If I can stop one heart from breaking, I shall not live in vain. " Yet, Hitler desired an empire no matter what pain it cost.

One man's success cannot be another's. But, how often is it judged as such?

A very pretty girl may believe that being liked by boys makes her successful. She may even feel sorry for the plain girl with few dates.

However, the possibility exists that this plain girl may not wish to be the center of attraction, that a warm association with a few close friends may mean much more.

In the same category, a boy should not be criticized for enjoying tinkering with a car motor or reading rather than for try ing to become a varsity letterman.

Every person must set his own goals, live his own life, and seek his own unique success.
"He has achieved success who has lived well, laughed often, and loved much; who has left the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul.

## African Pupils Desire Pen-pals

African high school students to whom RRHS Student Council has sent needed text books would like to have American pen-pals.
Interested students should write a letter telling about themselves: their age, grade, interests, name, and address.
These letters will be sent to Liberia and distributed to students, who will then write back.
Mr. and Mrs. Jack Wilson, a Peace Corps couple, are in charge of these Liberian students. Last year Student Council pur chased paperback text books for the couple's classes.
"This is a wonderful opportunity to build an overseas friendship," comments Linda Webb, chairman of Student Council's Service Committee, which is in charge of this project.
Any questions about the project should be directed to homeroom representatives or to Linda.
